**Subject: Request for Sponsorship of Food Items**

Dear Kind-hearted Soul,

We are a Non-profit organization (Starlight Safehouse & Community Project 256-044 NPO) and Our Mission is to restore hope and provision of care, support, protection and basic needs of Orphan, Semi Orphan and Street children through shelter, food, and education.

Our aim is also to work for the provision of hygienic necessities to the underprivileged people in various Cape town poor location areas such as Fisantkraal and Vincent Atlantis. We are striving hard to take our part for the betterment of society.

Currently, we have come up with an initiative of supplying free food items to the under nourished poor population in these areas as well as a Saturday/Sunday lunch kitchen where we cook, and the community can come and have a free plate of fresh cooked food.

We request your support in bringing this project to a better reality by sponsoring the food items which we aim to deliver, these items may include but not limited to fresh, canned, frozen or any Basic food items. This campaign will surely enlighten the image of your organization as a society friendly business and will impact your business positively.

We hope that you will support us in this noble cause as your generosity can help us feed many poor souls. We are happy to come and collect from your stores at any time you wish on any days you prefer.

Looking forward to hearing from you.

Yours Sincerely,

Charity King  
Director & CEO of Starlight Safe House NPO
